

Graduate Teacher Programs

For more than 50 years, Freedoms Foundation has presented critically acclaimed, accredited graduate courses for teachers. Our summer 2016 programs present a variety of experiences that focus on character-building and developing responsible citizens through the study of history and the social sciences. Each program provides educators with an interactive, collaborative and enriching learning experience to assist them in providing better instruction to their own students.

Join the network of more than 12,000 teachers who have participated in Freedoms Foundation's summer graduate programs.
