### CALEGION.ORG!

The Department of California has put together a new Web Team and produced a new web site, located at **calegion.org**. The Department of California Web Site is an important communications tool designed to share Legion and Veteran related news and resources with all our Legion Family.

Here is a short description of some of the features that make the site easy to use:

#### **Web Site Navigation:**

Across the very top of each page is a horizontal navigation row with links to:

- **FAQ page**
- **Department Facebook page**
- **Legion Auxiliary web site**
- **Sons of the Legion web site**
- **Legion Riders web site**
- **The American Legion web site**

Within the header graphic the Legion emblem has a link that takes you to the home page. There are links to National web site pages to Join, Renew and Find a Post. There is also a link to the California Legionnaire On-Line newsletter.

The footer (bottom) of every page has a link to: our privacy notice, contact information for the Department office in Sanger (address, phone & fax numbers and e-mail address) and a page counter showing how many visits have been made to the site.

Virtually every graphic in the site also has a hyper-link directing you to another resource, just click on the graphic.

The web site is designed to serve you. Please, send comments or questions to:

[webteam@calegion.org](mailto:webteam@calegion.org)

#### THE MAIN NAVIGATION BAR:

Below the header graphic is the **Main Navigation Bar** (with drop-down menus) to help you easily navigate the site.

The hope is through the drop down menus you will more easily find the information you need to help your post, district, program or commission succeed.

We have included a search engine on the Home page that is specific to our Department web site. Initial feedback on the quality of information the search engine is returning is good.

The main web site pages are:

- **Home Page:**
- **About Us:**
- **Calendar:**
- **Members:**
- **Programs:**
- **Commissions:**
- **Resources:**
- **Contacts:**

We see the Department of California as a potentially very powerful tool to help our department grow. The site belongs to all the Legionnaires in the state.

Yet the site is controlled by the Department leadership, who asked the web team to build and maintain a web site that is: easy to use, has useful, current & accurate resources and is easy on the eyes.

We believe we have done what we were asked to do. We hope you agree.
